ABOUT THE EVENT

Ghana -West Africa Healthcare Excellence Awards provides a platform endorsed by West Africa Chamber of Commerce and Industry to recognize individuals and companies that play a significant role in the development of the healthcare sector while recognizing the key functions within the industry that promote standards and excellent stewardship. This is the most prestigious healthcare event that showcases on a national scale the prudence, and innovation within healthcare sector of Ghana and West Africa as a whole. The Awards recognize the industry's merits and set a benchmark for excellence, whilst rewarding innovative ideas that have pushed the boundaries of what is possible. The Awards recognizes excellence in the healthcare industry cutting across industry and individual excellence. We have been created to highlight the vital work done throughout the industry by the experts who ensure that every healthcare service provider, regardless of size, reputation, geographical location or area of expertise, can be confident that the life of people are in safe hands.

AWARDS CRITERIA

The companies and individuals selected for the Ghana -West Africa Healthcare Excellence Awards are evaluated and graded by the Awards' Research Board, by running an independent survey using engagement methodologies under the selection criteria below:

Quality

Innovation

Safety

Service

Customer Loyalty and Growth

Corporate Responsibility

Industry Merits.

AWARDS PROCESS

1. Companies and business leaders are nominated by our Research Board.
2. All information summited according to the criteria of the category, will make the nominee eligible as a candidate.
3. Documents will be compiled and summited to the research board and complete evaluation on the information. Dossiers are created and summited to the awarding board.
4. Participants will be judged by an independent awarding board, appointed by the chairperson of the awarding board.
5. The awarding board reviews the shortlist by the Research Board and then determine the finalists for each category.
6. Award Confirmation letters are written to the individuals and companies after Awarding Board Approval
7. The winners will be announced at the gala dinner.
8. The finalist has to be present to accept their trophies at the award ceremonies.

AND FERTILITY CENTRE

M&G PHARMACEUTICALS

M&G Pharmaceuticals limited is one of the most recognized pharmaceutical manufacturing companies in Ghana. We have headquarters in Jamestown, Accra, with offices in Kumasi and Tamale, serving over 800 clients, which includes Ministry of Health, the central medical store, all the 10 regional medical stores, N.G.O's, private hospitals and clinics, regional and district level government hospitals, wholesale and retail pharmacies and licensed chemical shops. In 2014, we started export to the Gambia and Liberia and have also registered our products in Sierra Leone. We currently have a total product range of 152 products available in tablets, capsules, syrup, suspensions, dry powders and injectable. Our success is driven by our people and their commitment by operating responsibly, executing with excellence, applying innovative

DCL LABORATORY PRODUCTS LIMITED

At DCL Laboratory Products Limited, we specialize in providing end-to-end hospital equipment, laboratory instruments, and consumables as well as the installation and maintenance of these systems. Our organization is built on a strong foundation of long-term relationships with both our customers and the manufacturers we represent. We serve as major representatives for Original Equipment Manufacturers (OEM) providing our clients with the products they need as well as sound and timely after-sales support. We are a dominant force in the West African medical devices space with offices in Nigeria, Ghana, Liberia, Sierra Leone, and Gambia. Under our DCL Projects Group, we offer turnkey services in new hospital projects. We design, build, and equip new laboratories for clinical, academic, and research use while supplying the associated consumables. As part of our services, we also train the end-users on the proper operation of any equipment we supply including such instruments supplied through third-party vendors.

We work with our partners to offer the best cost-effective and cost-efficient solutions that are suited to the needs and budgets of our customers to produce medicines of the highest quality.

CASSONA GLOBAL IMAGING LIMITED

Cassona was founded in 2013 to provide international trade and export finance consultancy. In 2020, the mission of the company was modified because of the pandemic and events that highlighted the need for access to quality healthcare in the African continent, especially in Sub sahara Africa

Cassona realized that while there are competent and well trained caregivers they lacked the tools and medical equipment to successfully provide quality healthcare. As such, the company set out to tackle the most pressing issues in that regard;

- Affordability of medical equipment
- Access to credit facilities to acquire the equipment and
- Removal of impediments to continued operability of medical equipment such

as power supply, and local skilled technicians that could repair and maintain the equipment manufactured by GE, Siemens, Philips, and similar manufacturers in real time.

Cassona has partnered with several organisations including the Private Health Facilities Association of Ghana, Mindray and Minfound to accomplish its mission of providing quality and affordable medical diagnostic imaging equipment to Ghana, Togo, Benin, Burkina Faso, Cote d'ivoire etc
